Dear Lessee:

Listed below is a surety that is presently held by the School and Institutional Trust Lands Administration ("SITLA") for reclamation of mining related disturbance that is associated with mineral development on trust lands.

Type of Surety: Time Deposit

Amount: \$2000

Account No.:

Issued By: Zions Bank,

Date Issued: - 11/21/1996

Mineral Lease No.: ML 19890 (Now 48588)

DOGM No.: S/025/066

The Division of Oil, Gas and Mining ("DOGM") is the state agency responsible for implementing and enforcing the State of Utah's regulation of mineral mining and reclamation activities (Utah Code Sections 40-8-1 et seq.) and the State of Utah's Surface Coal Mining and Reclamation Program (Utah Code Sections 40-10-1 et seq.). SITLA and DOGM have entered into a Memorandum of Agreement Concerning Cooperative Administration of Mining Operations on School and Institutional Trust Lands, dated January 14, 2005 ("MOU"). The MOU transfers the responsibility for administering the reclamation of disturbances on SITLA's mineral leases to DOGM. Therefore, surety for reclamation shall be provided by the operator of the leased mineral lands to DOGM prior to commencing mining operations, and DOGM will be identified as the owner or holder of the surety. The surety for reclamation shall be held and administered by DOGM, and shall be of a type and in a form as determined to be acceptable by the rules established by the Board of Oil, Gas and Mining. The surety shall be payable to DOGM for use as necessary to satisfy the reclamation obligations of the mineral lessee or operator.

In accordance with the MOU and in compliance with the statutory authority of DOGM, SITLA will transfer the above referenced surety to DOGM to be administered by DOGM under their rules. This letter serves as notification of the requirement under your lease to be bonded for reclamation to replace or transfer your surety with DOGM by April 1, 2006. Upon written request and written extension by SITLA additional time for completing this process may be provided. DOGM and SITLA will coordinate their efforts to ease this transition. Questions concerning this process may be directed to Will Stokes at SITLA phone number (801) 538-5153. At DOGM please contact Beth Ericksen at (801) 538-5318. Additional information may be found at the DOGM's website at <http://ogm.utah.gov/minerals>.

Please be aware that adjustment of the bond amount could also be necessary if it is determined that the current amount is insufficient to cover complete reclamation. You will also need to complete a reclamation contract (form MR-RC) with DOGM to conclude the process. Also, as provided for under the rules governing the management and use of school and institutional trust lands (R850-21-800), and as provide for under Article XII of the mineral lease agreement, the lessee or operator may be required to post a separate performance bond with SITLA to assure compliance with all other remaining terms and conditions of the lease not covered by the bond to be filed with DOGM.

We anticipate that bonding for reclamation will be streamlined and hope you view this change as a positive effort to simplify the process. Thank you for your cooperation.

Sincerely
